Senior Editor position with AA Grapevine working in New York. Review GSC plans and timetable. Theme & workshop Timeline highlights. PRAASA sign up---volunteers vs. participants."Back to Basics" subject-review and summarize As some of you may know, there is a "back to basics" or "back to the forty's" movement nationally. This movement has followers of Wally P, has published literature and has a website that lists meetings that are available in many states. As I understand it, the movement has demonstrated a very rigid and doctrinaire approach to dealing with substance abuse (they assign sponsors, require new comers to go through the Steps in one day or less, issue certificates of step completion, may have some religious connections, etc.). They openly pronounce a close association with and to be "AA oriented". This movement seems to be somewhat active in Nevada with four meetings listed in the LV area and maybe one meeting up North. To my knowledge none of their meetings is a registered AA meeting and none is included in any National or Nevada AA listings. At least in the North, there are reports of this movement actively recruiting new comers in traditional AA meetings. I spoke to GSO about this movement. They are aware of it, know that it has been around for a long time and confirmed to me that they are only using generic AA references so no copyright infringement. Their position essentially was to confirm that GSO had never announced any position about the movement and advised that they viewed the overall subject of formulating any response as an Area by Area decision. The concern expressed to me about this movement in Nevada centers on the new comer---being scared off and/or confused between the traditional AA Fellowship and the approach of this movement. Our AA Traditions involving taking no position on outside issues, each group is autonomous, yet preventing harm to AA as a whole seem to me to be potentially in play. Also probably the Fifth Legacy. With this as background, I asked two questions of many of our "rusted servants" 1) what info/experience with this movement they might have and 2) what if any action might be appropriate for Area 42 as a whole to take if any? I also counseled with Carol and Sophie. I received input from Roberta, Ruth, Kathy, Joyce, Julian and of course Carol and Sophie. To a person, all had heard about and were familiar with the "back to basics" and "back to the forty's" movement. Roberta summed up the collective thinking and suggested action of the respondents---"Throughout the U.S. it seems there are groups that interpret AA's literature in ways that I would not, however, I don't believe we can do much about it. It seems that the AA police are on permanent leave! I believe as the others have said that the best we can do is not give them further attention and continue working with individual AA's and people we sponsor to try to get the "tried and true" principles and practices we believe out there."SO ... with all this input and considering my own thinking, I am not comfortable sending any Area 42 formal announcement and/or pronouncement. I do believe that it is appropriate, as I am doing here today, to announce at SAGSC and NAGSC that we are aware of this movement/activity in Area 42 and that each group and/or district should determine whether they are comfortable that their support of any "back to basics"/back to the forty's "activity is consistent with all the AA Fellowship's Tradition interpretations, especially as it relates to and might impact the new comer. 5. AAWS December'11 Board Meeting highlights. 6. My schedule since last SAGSC Meeting 11/13/2011 and near term future commitments.

Registrar - Michele – Emily has new group forms. If you have new GSR's please contact me and I will update your information with GSO.

Webmaster - JD – No report.

Archives – Carolyn –Life is wonderful in the Archives! We had a tiny display in the Archives Room at the Las Vegas Roundup that was focused on the Roundup's history. Our next display will be @ WACYPA on the last weekend of the month. If you, or someone in your groups, would like to volunteer to help staff the Archives table. We have completed the first phase of the SAGSC records - they are all together, in order, in binders on the same shelf. The earliest records are from February 1978, but the records are slim through 1984. They are probably mixed in with the Area 42 Minutes - which are my current sorting and filing project. If you have any early Area 42 or SAGSC records, please let me know. If you want to keep your originals, may we please make some copies. Please come visit Y2.Y..! Archives @ Central Office - 15th & Charleston - Monday - Friday 884 or any time there's a meeting in the meeting room. These are your records, so please come enjoy them. W~ could use some help with sorting and filing, laughing and crying. It would be greatly appreciated if each Committee & District would elect or appoint an Archivist to help with that particular section of the records. Breaking them down and working together makes the project manageable & FUN. Our Area history is rich & interesting & we want to put it in order so that it can be shared with our fellowship. If you are hosting a District meeting, workshop, picnic or other event, please invite us. We would love to bring an Archives display to your AA-related events. If you wish to donate historical articles, photos, meeting schedules or items specifically related to our Area, or volunteer your time & talent to create Area 42 Archives for everyone to enjoy, please call me: We look forward to your participation & assistance with this major project of bringing local AA history to everyone.

Bridging the Gap – No Report.

BRIDGING THE GAP - Bridging the Gap is alive and well in Las Vegas and needs support. The new sign-up & information pamphlets from GSO did not arrive on time, but we still have our old ones for now for anyone interested. ANID there is a phone number contact information on them. We are a sub-committee under Las Vegas H & I Committee and receive all our financial support from H&I. Our purpose is to help connect people being released from facilities with someone on the outside for the purpose of assisting them in getting to meetings and meeting new people. This is primarily accomplished by ~he H&I volunteers taking the request cards into the facilities for the residents to fill out and return to Central Office when we can pick them up. We have a volunteer list by zip code in order to better assign the requests by convenient location. Our current volunteer list is currently approximately 75% male and 25% female; but the requests are just the opposite - primarily over 70% are requests from females. We definitely need more female volunteers. You can also find us at the Corrections Workshop on Feb 4th and also the Service Festival here at the TIE Club on Feb 19th. We have also interfaced with areas outside of Las Vegas as well when we've received requests from other states regarding someone coming to the Las Vegas area when they're released. In investigating m1 any of the other GSO areas about B-T-G it appears that this effort is rather largely networked in many parts of the country and the majority of it seems to be through their area websites. Originally BTG was focused on Treatment facilities and not correctional units. Correctional facilities were primarily handled through various H&I committees who provided the same type service but named it "Contact on Release" or "Release Outreach". As times changed BTG is servicing both types in more areas of the country.

However, we will be doing more investigation into the B-T-G service structures in order to further consider the possibility of a proposal to make "Bridging The Gap" it's own free-standing area committee similar to C.P.C., P.I and others, especially since we serve both treatment and correctional facilities.

WACKYPAA – The Western Area Conference of Young People in Alcoholics Anonymous is upon us. Now is our chance to accomplish the main goal that WACYPM is, (formerly known as LVYPAA) has been striving toward for years. Our purpose is, and always has been to break down the barriers and eliminate any prejudice that exists between "mainstream" and "young people's" AA. Being awarded this conference has given us the opportunity to join the once divided fellowship in our AA community. We are excited and honored to be able to serve Las Vegas with a conference of this magnitude, however, we need your help. Enclosed is a "local sneak peek" of the WACYPAA 15 program. The host committee has worked very hard this year to create a program for the conference that has depth and weight. We have speakers and panelists from all over the world, including and especially Las Vegas, who have committed to help WACYPM with the most important aim of this conference, which is to carry the message of Alcoholics Anonymous to those who still suffer. We encourage you to look over the program and see the really interesting and exciting messengers that we have in store for this, our first ever young people's in Alcoholics Anonymous conference. Not only do we have some amazing and powerful speakers and panelists, but we have so many events and activities going on throughout the weekend. (It wouldn't be YPAA without some fun!) This is our chance to become united in Alcoholics Anonymous, and to show the world (literally), how the fellowship of M in Las Vegas practices the three legacies of unity, service, and recovery. The host committee invites you to register for WACYPM 15, which will be held at The Alexis Park Resorts 375 E. Harmon Ave. on January 26-29, 2012. You can register at the conference for \$30, but if you have no money, please come anyway. We need volunteers for the registration and merchandise tables, greeting at meetings, ushers, security, and many other service opportunities. Please help us to make this WACYPAA one to remember. We can't wait to see all of your beautiful faces at the conference.

Grapevine - Robin – Our next meeting is this coming Friday and every 2nd Friday, 6:00 p.m. at Las Vegas Central office. If your home group doesn't have a Grape Vine rep, please consider having one. The Grapevine is a wonderful tool for individual sobriety & sponsorship, and being a Grapevine rep is a great way to literally carry the message! Since the last meeting we've had an opportunity to take Grapevine and AA literature out to the Roundup and the End of the Month Speaker meeting on Christmas night. Between now and the Assembly we'll be setting up a table at the corrections Workshop and the Service Festival and I believe the WACYPA Conference. I just met with the host committee for the first time last weekend so the logistics aren't set but we have books and will be there if they call! As always, please let us know if your group or district has anything coming up that the Grape Vine committee can help with. On a final note, 2012 Calendars and pocket planners are available if you want to pick one up before we get too far into the New Year; and 2 new Grapevine books, Step by Step and Emotional Sobriety II, are also on hand at Central Office, or you can see me after the meeting. Plus, the Language of the Heart is also now available as an e-book, available at Grapevine.org. Robin R.

There are two flyers one for guests and one for participants. District 5B has been having some financial difficulties; we have been asking the groups in our district to send a little extra to 5B for a while so we can build our reserve back up. District 7 – Edie – DCM- Our meeting is held the third Friday of every month at 6:30pm at the Serenity Club on Schiff Drive in Las Vegas, and we continue to have approximately 20 to 25 attendees. We conducted a District Inventory at our November meeting. Mike M. led the inventory and asked the group twelve questions which were pertinent to our being able to see where we, as a District, were either lacking in our efforts or were on track. We were pleased to see that we could respond positively to 9 of the 12 questions and that on the other three, we could come up with suggestions as to how we can improve. A big thank you to Mike for being a part of this. Our December meeting was a combination business meeting and party. We held our 2nd annual Christmas potluck with an impressive array of home cooked dishes and goodies. It was a great way to end the year and enjoy the fellowship of our dedicated GSR's and committee members.
